# Getting Started

Thank you for your interest in our financing programs!

To get started we need a completed credit application filled out and faxed back to us at the number provided at the bottom of the application. In addition, please include the summary page (page 1) from your last 3 company bank statements and a proposal from your equipment vendor. If you do not yet have a proposal, please let us know how much you estimate the project will cost and your time frame (when you will need the lease/ finance to start). Upon receiving ALL of this documentation we will review your request and contact you with further instructions.

We look forward to working with you!

# US Energy Capital Confidential Credit Application
